The Environmental Protection Agency (EPA) announces the deletion of the Allied Plating site, located in Portland, Oregon from the National Priorities List (NPL). The NPL is appendix B of 40 CFR part 300 which is the National Oil and Hazardous Substances Contingency Plan (NCP), which EPA promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (CERCLA). EPA and the State of Oregon have determined that no further cleanup under CERCLA is appropriate and that the selected remedy has been protective of public health, welfare, and the environment.

SUPPLEMENTARY INFORMATION:

The site to be deleted from the NPL is: Allied Plating, Portland, Oregon.

A notice of intent to delete for this site was published September 2, 1994, (59 FR 45675). The closing date for comments on the notice of intent to delete was October 3, 1994. EPA received no comments.

EPA identifies sites which appear to present a significant risk to public health, welfare, or the environment and it maintains the NPL as the list of those sites. Sites on the NPL may be the subject of Hazardous Substance Response Trust Fund-financed remedial actions. Any site deleted from the NPL remains eligible for Fund-financed remedial actions in the unlikely event that conditions at the site warrant such action. Section 300.425 of the NCP provides that Fund-financed actions may be taken at sites deleted from the NPL. Deletion of a site from the NPL does not affect responsible party liability or impede Agency efforts to recover costs associated with response efforts.
